RETURN TO COMPLIANCE LETTER

MassDEP Facility ID #: #186901  
NPDES #MA0004936

Dear Mr. Drapeau:

On March 12, 2018, the Department of Environmental Protection ("MassDEP") reviewed reports from your facility located at 20 Harvard Road in Littleton, Massachusetts. MassDEP personnel observed that activity occurred at the facility in noncompliance with the Massachusetts Industrial Wastewater regulations, which are enforced by MassDEP.

As a result of the review, the Central Regional Office issued a Notice of Noncompliance, Enforcement Document Number: 00004472, on April 4, 2018.

Based on the information submitted from April 10 through July 6, 2018, and subsequently reviewed by MassDEP, it is MassDEP's opinion that your company has complied with the requirements of the Notice of Noncompliance. The permittee has improved process and toxicity monitoring, flow control, and wastewater holding times, with monitoring reports indicating no permit exceedance from April through June.

Sincerely,

Date

*July 26, 2018*
